

# Pennies for Change!

I believe mere pocket change can make the difference in this campaign from the people who favor progressive politics and are against the current war in Iraq.

Because of the global impact of Congress on war and peace, I am asking for people both inside and outside of the 7th District to contribute to the Pennies for Change initiative.

Please consider sending even pocket change you have under a dollar to the campaign. Feel free to make out a check for amounts under a dollar as well. (Think of it as revenge against banks which charge so many fees ☺)

## Green Party Ten Key Values:

- ◆ Grassroots democracy
- ◆ Ecological wisdom
- ◆ Social justice
- ◆ Nonviolence
- ◆ Decentralization
- ◆ Community based economics
- ◆ Feminism
- ◆ Respect for diversity
- ◆ Personal & global responsibility
- ◆ Future focus & sustainability

Committed to environmentalism, non-violence, social justice and grassroots organizing, the Green Party is renewing democracy without the support of corporate donors. Greens provide real solutions for real problems. Whether the issue is universal health care, corporate globalization, alternative energy, election reform or decent wages for workers, Greens have the courage and independence necessary to take on the powerful corporate interests.
